

Training Tables

ergoCentric[®]
The science of sitting[™]

Configurable, Foldable, Nestable and Space-saving

The upCentric Training Tables are ideal for classroom settings, training facilities and multi purpose areas where furniture needs to be reconfigurable. The table top is well balanced for easy folding and locks in place when folded up. Convert back to a table with minimal effort. A clip system on both ends of the table easily connects tables in a row.

The upCentric Training Tables are designed to match other upCentric tables, providing a cohesive look and feel throughout the working environment.

Quality – minimize maintenance and replacement cost

Recognized as North America's premier manufacturer of high-quality ergonomic seating and workstations, our products are built to last and exceed the strength and stability standards.
